OUR PHILOSOPHY

Nearly 40 years in the market and a presence in over 50 countries endorse **Bruno Vassari** as one of the preferred brands by beauty professionals.

The brand emerged as a result of the search for highly efficient yet innovative cosmetics, ensuring high quality and results from the first application.

Our products are the perfect response for the daily care of our skin, while the treatments not only offer visible results from the first use but also provide a unique experience.

Today, our vision is to be the reference partner and the cosmetics brand of choice for the most demanding beauty and aesthetics professionals worldwide, while taking care of our environment and our planet.

Your Beauty: **Our Mission**

OUR COMMITMENT

Since its inception, **Bruno Vassari** has always been committed to innovation and the desire to offer cutting-edge cosmetic products that meet the needs of both beauty and aesthetics professionals and the end consumer, ensuring unprecedented results.

Today, this mindset continues to guide all the decisions made by the brand, but with the addition of a new challenge: sustainability.

Bruno Vassari has been implementing actions to preserve the environment for many years, but we are aware that these actions are not enough. Therefore, our goal is to continue striving in all processes of our company to ensure that **Bruno Vassari** continues to create high-quality products that are also sustainable, reducing our carbon footprint as much as possible.

We firmly believe that small actions can have a significant positive impact on our environment. For this reason, we have integrated the motto “Sustainability Everywhere” into our business philosophy. The objective is to convey these conscious values at every stage of our product creation.

Bruno Vassari stands out as a pioneering brand in professional cosmetics, offering effective skincare with visible results from the first application.

But what has truly made the positioning of our brand possible is, without a doubt, our perseverance and tireless commitment to our pillars, which have allowed us to stand out in a highly competitive and ever-evolving market.

OUR VALUE PROPOSITION

INNOVATION

If there's one thing that sets **Bruno Vassari** apart from other companies, it's the unwavering commitment to active ingredients and high-quality components, as well as being at the forefront of the most innovative processes, always under very strict quality standards.

This is what has led **Bruno Vassari** to position itself as a top-of-mind brand for consumers, recognized for its quality, effectiveness, and results.

EFFECTIVENESS AND RESULTS

One of the best ways to build customer loyalty is through the effectiveness of our cosmetic offerings, and that defines our roadmap. We prioritize results above all else, starting from the first application, through the meticulous selection of the best raw materials treated with the most cutting-edge and exclusive formulation techniques.

TRAINING AND SUPPORT

All of **Bruno Vassari's** treatments are accompanied by specific protocols developed exclusively for use with our products.

Permanent access to training and continuous support is also a fundamental pillar of the brand. For this reason, we have a technical department that offers open and personalized training, both at our facilities and those of our clients. Additionally, each new product launch is always accompanied by all the necessary materials so that estheticians can easily, efficiently, and safely carry out the established protocols.

PREMIUM

LINES

The firming beauty solution.

Flaccidity and early ageing are both major concerns of women. Bioceuticals is the perfect solution to decrease the impact of facial flaccidity, improve firmness and avoid premature ageing of the skin.

The result: a lifting and firming effect that lasts over time.

Lift Intensive Cream

Natural Firming Cream

Firming face cream that helps fight the visible signs of ageing and loss of firmness. Formulated with two key actives: an oleoactif compound that helps improve the all-round quality of the skin and the effects of intrinsic and chronological ageing, and DMAE, an active that possesses a powerful tensing action that fights against flaccidity and decreases the formation of wrinkles. It carries out a lifting effect and increases the firmness of the flaccid skin of face and neck. It has an immediate effect that strengthens with time.

Ref. 340 - 50ml

Global Firming Care

Firming Treatment

Intensive firming and antioxidant facial care. Formulated with ingredients of natural origin that combine the firming and lifting activity of DMAE and plant actives with the antioxidant and antiaging properties of ferulic acid and vitamin C. This step by step improves the overall appearance of the skin, helps fighting against the loss of firmness and the appearance of expression lines, while returning all the brightness and combating the visible signs of aging.

It includes:

- Green Tea Exfoliating Powder
- Natural AHA Cocktail
- Stay Tight Mask
- Intensive Whitening Concentrate
- Lift Intensive Cream

Ref. 2343 - 6 treatments ●

Lift Intensive Serum

Remodeling and Firming Facial Serum

Modelling and firming facial serum made from extract of white lupin, plant growth factors of the Centella Asiatica and DMAE. It is particularly useful in fighting the signs of ageing on the face and neck, improving skin firmness and elasticity and redefining the facial oval. It helps in countering the loss and deterioration of the skin collagen, improving the three-dimensional structure of the dermal matrix, and in reversing cellular senescence. In addition, its formula contains 98% ingredients of natural origin.

Ref. 345 - 30ml

LAB|BIOTICS

Your skin's best defense.

Highly scientific line formulated with pre and probiotics. The use of both today form part of the vanguard in innovation in cosmetic treatments due to their power to repair, soothe and improve the balance of the epidermal barrier.

LAB | RADIANCE

Reveal the natural brightness of your skin.

Lack of brightness in the skin is one of the first signs of cutaneous early ageing. Long before wrinkles and flaccidity appear, dulled and devitalised skin advises us that the ageing process is leaving a mark on us. To avoid this and recover its freshness and brightness Bruno Vassari has developed LAB Radiance, a new and innovative line that returns the natural, bright, and healthy aspect to any type of skin.

Brightness Reveal Cream

Illuminating Cream

Melting cream that works at different levels to nurture a healthy and radiant appearance, revealing the natural brightness of the skin. Formulated with Pro-Radiance Active, niacinamide, extract of pitahaya and subtle pigments that boost cutaneous brightness. Moisturises, embellishes and visibly brightens the skin, leaving it with a succulent and velvety aspect for a radiant appearance.
